

Huge thanks for picking up one of our editable travel ticket templates! We have no doubt that when it will blow their mind when they see it!

In the pages below, you will see your templates. This page contains some instructions on how to edit them with ease. Let's get to it!

◆ ----- INCLUDED TEMPLATES ----- ◆

1. Step-by-step instructions sheet
2. 3-page PDF file with 3 different designs and 2 tickets per page! (Tickets are 8.4 x 3.5 inches once you cut them out and will perfectly fit a standard #10 envelope.)

NOTE: Each ticket template can be edited separately, which means you can create 2 different tickets and print it all on one page!

◆ ----- VIDEO TUTORIAL ----- ◆

We made a quick video to walk you through how to edit your ticket:
https://youtu.be/8TyJCFnm_zc

◆ ----- HOW IT WORKS ----- ◆

1. Instantly download your files after you pay
2. Open your PDF in the FREE Adobe Reader (<https://get.adobe.com/reader/>), and type over the placeholder text to personalize in any way you want!
3. Print on US Letter (8.5 x 11 inch) or A4 sized paper. Trim your tickets after printing and, voila, a personalized trip ticket they'll lose their mind over! (You can also choose which page to print so you don't waste paper.)

◆ ----- IMPORTANT NOTES ----- ◆

- The file type is a PDF, and we recommend you use Acrobat Reader for the easiest way to update. Get it free here: <http://get.adobe.com/reader/>
- Colors may differ slightly from the file design depending on your printer. For best results, please use thicker paper like photo paper or cardstock.
- Since the file is not a JPG, it will not work with most online print shops (but taking the PDF file into a printer will work)
- You can only edit the text fields, which include all the fonts required for it to show exactly like the example in the listing.
- We stand behind everything we make and offer a 100% money-back satisfaction guarantee. Since there is nothing to return with a digital file like this, we run on the honor system.
- Terms of use: files are for personal use only. No commercial use or reselling allowed, of course. Please respect the time and effort we put into creating these customizable tickets and use them only for yourself to blow someone special's mind.

If you still have questions, please don't hesitate to message us. Thanks!
